How to use this booklet

There are six worksheets, two for each week. Each one drills a single skill from the Chapter 1 topic test, and every sheet has the same shape: **40 questions**, split into ● **Easy**, ● **Medium** and ● **Challenging**. Start at the top of the page and work down — the questions get harder as you go. Show your working for the challenging questions. The final worksheet mixes every skill together, so it is the best check that you are ready for the topic test.
